The regulated markets of the Luxembourg Stock Exchange and Euronext Brussels are regulated markets for the purposes of the Directive 2004/39/EC of 21 April 2004 on markets in financial instruments. References in this Offering Circular to Notes being “listed” (and all related references) shall mean that such Notes have been listed and admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or Euronext Brussels. However, unlisted Notes may be issued pursuant to the Programme. The relevant Pricing Supplement (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Luxembourg Stock Exchange and/or Euronext Brussels (or on any other stock exchange).

The Notes will be in dematerialised form and will not be exchangeable for bearer notes (whether in global or definitive form) or registered notes. They will be cleared through the clearing system operated by the National Bank of Belgium (the “**NBB**”) or any successor thereto (the “**NBB Clearing System**”) pursuant to the Belgian law of 6 August 1993 on transactions on certain transferable securities (*loi relative aux opérations sur certaines valeurs mobilières*). The Programme has been rated by Moody's Investors Service Ltd on 28 June 2016 with a rating of (P)Aa3 for the senior unsecured debt and a rating of (P)P-1 for the short-term debt. The credit ratings included or referred to in this Offering Circular will be treated for the purposes of Regulation (EC) No 1060/2009 on credit rating agencies, as amended by Regulation (EU) No 513/2011 (the “**CRA Regulation**”) as having been issued by Moody's Investors Service Ltd. Moody's Investors Service Ltd is established in the European Union and is included in the updated list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority's website (<http://www.esma.europa.eu>). Tranches of Notes (as defined in “Summary of the Programme – Method of Issue”) to be issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Programme. Whether or not a rating in relation to any Tranche of Notes will be treated as having been assigned by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning credit rating agency.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplementary offering circular, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

Accordingly, this Offering Circular does not purport to meet the format and the disclosure requirements of Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU) (the “**Prospectus Directive**”) and Commission Regulation (EC) No. 809/2004 implementing Directive 2003/71/EC, and it has not been, and will not be, submitted for approval to any competent authority within the meaning of the Prospectus Directive. The Notes issued pursuant to this Offering Circular will therefore not qualify for the benefit of the single European passport procedure pursuant to the Prospectus Directive. to article 6 of the Belgian Royal Decree of 14 October 1991 on treasury notes and certificates of deposit (*arrêté royal relatif aux billets de trésorerie et aux certificats de dépôt*) may be traded in any nominal amount equal or in excess of €100,000 (or its equivalent in other currencies). Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in pound sterling) having a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the UK FSMA will have a minimum denomination of £ 100,000 (or its equivalent in other currencies).

- (c) **Title:** Title to the Notes is evidenced by book entries in the holder's securities account with the NBB or with an approved account holder within the meaning of the Belgian law of 2 January 1991 referred to above (each, an "**Approved Account Holder**"). The person who is for the time being shown in the records of the NBB Clearing System or of an Approved Account Holder as the holder of a particular nominal amount of Notes shall for all purposes be treated by the Issuer and the Domiciliary Agent as the holder of such nominal amount of Notes, and the expressions "**Noteholders**" and "**holders of Notes**" and related expressions shall be construed accordingly.
- (d) **Redenomination:** The Issuer may (if so specified in the relevant Pricing Supplement) without the consent of the holder of any Note, by giving at least 30 days' notice in accordance with Condition 11, redenominate into euro (and adjust the aggregate principal amount and the Denomination(s) set out hereon accordingly) all, but not some only, of the Notes of any Series on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating member state in the third stage of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community, as amended from time to time, all as more fully provided in the relevant Pricing Supplement, or events have occurred which have substantially the same effects). The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".

2. Status

The Notes constitute unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and will at all times rank *pari passu* and without any preference among themselves and equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if “**30E/360 (ISDA)**” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

- (vii) if “**Actual/Actual-ICMA**” is specified hereon or in the relevant Pricing Supplement,

(a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and

(b) if the Calculation Period is longer than one Determination Period, the sum of:

(x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

The amount of interest payable shall be determined in accordance with Condition 3(i).

(c) **Interest on Floating Rate Notes and Index Linked Interest Notes:**

- (i) *Interest Payment Dates:* Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(i). Such Interest Payment Date(s) is/are either shown hereon or in the relevant Pricing Supplement as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon or in the relevant Pricing Supplement, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon or in the relevant Pricing Supplement as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon or in the relevant Pricing Supplement and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Pricing Supplement.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon or in the relevant Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- the Floating Rate Option is as specified hereon or in the relevant Pricing Supplement
- the Designated Maturity is a period specified hereon or in the relevant Pricing Supplement and
- the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon or in the relevant Pricing Supplement.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified hereon or in the relevant Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear,

as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- if the Relevant Screen Page is not available or if, sub-paragraph (B)(1) applies and no such offered quotation appears on the Relevant Screen Page or if subparagraph (B)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- if the paragraph above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(iii) *Rate of Interest for Index Linked Interest Notes:* The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified hereon or in the relevant Pricing Supplement and interest will accrue by reference to an Index or Formula as specified hereon or in the relevant Pricing Supplement.

(d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest

for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 4(b)(i)).

- (e) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon or in the relevant Pricing Supplement.
- (f) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon or in the relevant Pricing Supplement. Partly Paid Notes will not be issued so long as they may not be cleared through the NBB Clearing System
- (g) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 3 to the Relevant Date (as defined in Condition 6).
- (h) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**
 - (i) If any Margin is specified hereon or in the relevant Pricing Supplement (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon or in the relevant Pricing Supplement, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (i) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (j) **Linear Interpolation:** Where Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the relevant Pricing Supplement) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the relevant Pricing Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which

rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this paragraph, “**Designated Maturity**” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

- (k) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount, or any Instalment Amount to be notified to the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. If the Notes are listed on the Luxembourg stock exchange or on Euronext Brussels, the aggregate nominal amount, if any, outstanding on Notes after an early redemption pursuant to Condition 4(b) shall be communicated to the Luxembourg stock exchange or Euronext Brussels, respectively. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 3(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (l) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and in the relevant Pricing Supplement and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

4. Redemption, Purchase and Options

(a) **Redemption by Instalments and Final Redemption:**

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 4, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon or in the relevant Pricing Supplement. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or,

if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon or in the relevant Pricing Supplement at its Final Redemption Amount (which, unless otherwise provided hereon or in the relevant Pricing Supplement, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) Early Redemption:

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon or in the relevant Pricing Supplement.

- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon or in the relevant Pricing Supplement, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 3(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon or in the relevant Pricing Supplement.

- (ii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8, shall be the Final Redemption Amount unless otherwise specified hereon or in the relevant Pricing Supplement.

(c) Redemption for Taxation Reasons: The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index Linked Note) or at any time (if this Note is neither a Floating Rate Note nor an Index Linked Note) on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (as described in Condition 4(b) above) (together with interest accrued to the date fixed for redemption), if

- (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6 as a result of any change in, or amendment to, the laws or regulations of Belgium or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date, and

(ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Before the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Domiciliary Agent a certificate signed by the Minister of Finance (or a duly authorised delegate) of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

(d) **Redemption at the Option of the Issuer:** If a Call Option is specified hereon or in the relevant Pricing Supplement, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon or in the relevant Pricing Supplement) redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon or in the relevant Pricing Supplement.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the Notes to be redeemed will be selected individually by lot and in accordance with the NBB Clearing System Regulations, not more than 30 days prior to the date fixed for redemption.

So long as the Notes are listed on the Luxembourg Stock Exchange or on Euronext Brussels and the rules of this stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg or Belgium, respectively, a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(e) **Redemption at the Option of Noteholders:** If a Put Option is specified hereon or in the relevant Pricing Supplement, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon or in the relevant Pricing Supplement) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the Noteholder must (i) deliver or cause to deliver to the Domiciliary Agent a certificate issued by the relevant recognised account holders or the NBB certifying that the relevant Note is held to its order or under its control and blocked by it and (ii) deposit with the Domiciliary Agent or with the Paying Agent a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from the Domiciliary Agent or from the Paying Agent in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon or in the relevant Pricing Supplement.

(g) **Purchases:** The Issuer may at any time purchase Notes in the open market or otherwise at any price.

(h) **Cancellation:** All Notes purchased by or on behalf of the Issuer will forthwith be cancelled. Any Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (d) **Payment subject to fiscal laws:** All payments in respect of the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions of Condition 6. No commissions or expenses shall be charged by the Domiciliary Agent to the Noteholders in respect of such payments.
- (e) **Appointment of Agents:** The Domiciliary Agent, the Paying Agent and the Calculation Agent(s) act solely as agent of the Issuer and do not assume any obligations towards or relationship of agency with any of the Noteholders.

The Issuer reserves the right at any time to vary or terminate the appointment of the Domiciliary Agent the Paying Agent and the Calculation Agent(s), provided however, that the Issuer shall at all times maintain a Domiciliary Agent in the NBB Clearing System, one or more calculation Agent(s) where the Conditions so require, a Luxembourg Paying Agent so long as the Notes are listed on the Luxembourg Stock Exchange, a Belgian Paying Agent so long as the Notes are listed on Euronext Brussels, and such other agents as may be required by any other stock exchange on which the Notes may be listed.

Notice of any such change shall promptly be given to the Noteholders in accordance with Condition 11.

- (f) **Non-Business Days:** If any date for payment in respect of any Note is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. - (ii) (in the case of a payment in euro) which is a TARGET Business Day.

6. Taxation

All payments of principal and interest by or on behalf of the Issuer and/or by a clearing system and/or a participant in a clearing system in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Belgium or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional

amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note:

- (a) **Other connection:** to, or to a third party on behalf of, a Noteholder who is (i) entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption, or (ii) liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with Belgium other than by reason of (a) the mere holding of or (b) the receipt of principal, interest or other amount in respect of the Note or
- (b) **Payment to non Eligible Investors:** to, or to a third party on behalf of, a Noteholder who on the date of acquisition of such Note, was not an Eligible Investor or who was an Eligible Investor on the date of acquisition of such Note but, for reasons within the Noteholder's control, ceased to be an Eligible Investor or at any relevant time on or after the issue of the Notes, for reasons within the Noteholder's control, otherwise failed to meet any other condition for the exemption of Belgian withholding tax pursuant to the law of 6 August 1993 relating to certain securities or
- (c) **Payment by another financial institution:** held by or on behalf of a Noteholder who would have been able to avoid such withholding or deduction by holding the relevant Note in a securities account with another financial institution in a Member State of the European Union.

As used in this Condition, "**Eligible Investor**" means those entities which are referred to in Article 4 of the Belgian Royal Decree of 26 May 1994 on the deduction of withholding tax and which hold the Notes in an exempt account in the NBB Clearing System.

As used in these Conditions, "**Relevant Date**" in respect of any Note, means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 3 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

7. Prescription

Claims against the Issuer for payment in respect of the Notes shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

8. Events of Default

If any of the following events ("**Events of Default**") occurs, the holder of any Note may give written notice to the Issuer at the specified office of the Domiciliary Agent or of the Paying Agent, that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable:

- (a) **Non-Payment:** default is made for more than 14 days (in the case of interest) or 7 days (in the case of principal) in the payment on the due date of interest or principal in respect of any of the Notes or
- (b) **Breach of Other Obligations:** the Issuer does not perform or comply with any one or more of its other obligations under the Notes which default is incapable of remedy or is not remedied within 30 days after notice of such default shall have been given to the Issuer at the specified office of the Domiciliary Agent or of the Paying Agent by any Noteholder or

- (c) **Cross-Default:** (i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes (or becomes capable of being declared) due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period, or (iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds € 25,000,000 or its equivalent (on the basis of the middle spot rate for the relevant currency against the euro as quoted by any leading bank on the day on which this paragraph operates) or
- (d) **Enforcement Proceedings:** a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any part of the property, assets or revenues of the Issuer and is not discharged or stayed within 90 days or
- (e) **Security Enforced:** any mortgage, charge, pledge, lien or other encumbrance, present or future, created or assumed by the Issuer becomes enforceable and any step is taken to enforce it (including the taking of possession or the appointment of a receiver, manager or other similar person) or
- (f) **Authorisation and Consents:** any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done in order (i) to enable the Issuer lawfully to enter into, exercise its rights and perform and comply with its obligations under the Notes, (ii) to ensure that those obligations are legally binding and enforceable and (iii) to make the Notes admissible in evidence in the courts of Belgium is not taken, fulfilled or done or
- (g) **Moratorium:** the Issuer declares a general moratorium on the payment of its indebtedness or
- (h) **Repudiation:** the Issuer disaffirms, repudiates or rejects, in whole or in part, or challenges the validity of, the Notes or
- (i) **Existence:** the Issuer ceases to exist prior to the repayment in full of the Notes or the payment in full of all sums due under the Notes or
- (j) **Illegality:** it is or will become unlawful for the Issuer to perform or comply with any or more of its obligations under any of the Notes.

9. Meeting of Noteholders and Modifications

- (a) **Meetings of Noteholders:** The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority

required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent, or at any adjourned meeting not less than 25 per cent, in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed).

In this Condition, “**Extraordinary Resolution**” means a resolution passed at a meeting duly convened and held in accordance with the terms set out in the Agency Agreement by a majority of at least 75 per cent of the votes cast.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Pricing Supplement in relation to such Series.

- (b) **Modification of the Agency Agreement:** The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement and/or the Clearing Services Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

10. Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time without the consent of the Noteholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such notes to “**Issue Date**” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 11, without the consent of the Noteholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other Notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

11. Notices

Notices to the Noteholders shall be valid if (i) delivered by or on behalf of the Issuer to the NBB Clearing System for communication by it to the NBB Clearing System participants and (ii) if published on its website (www.budget-finances.cfwb.be). Any such notice shall be deemed to have been given on the latest day of (i) seven days after its delivery to the NBB Clearing System and (ii) publication on its website.

The Issuer shall further ensure that all notices are duly published in a manner which complies with the rules and regulations of the Luxembourg Stock Exchange (i.e. published on the website of the Luxembourg Stock Exchange or in a newspaper having general circulation in Luxembourg), Euronext Brussels and of any stock exchange or other relevant authority on which the Notes are listed. Any such notice shall be deemed to have been given on the date of such publication or, if required to be published in more than one newspaper or in more than one manner, on the date of the first such publication in all the required newspapers or in each required manner.

Notices to be given by any Noteholders shall be in writing and given by lodging the same with the Domiciliary Agent or the Paying Agent.

12. Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer or otherwise) by any Noteholder in respect of any sum expressed

to be due to it from the Issuer shall only constitute a discharge to the Issuer, as the case may be, to the extent of the amount in the currency of payment under the relevant Note that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or any other judgment or order.

13. Governing Law, Jurisdiction, Waiver of immunity, Direct Rights

- (a) **Governing Law:** The Notes are governed by, and shall be construed in accordance with, Belgian law.
- (b) **Jurisdiction:** The French speaking Courts of Brussels (Belgium) are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes and, accordingly, any legal action or proceedings arising out of or in connection with the Notes ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.
- (c) **Waiver of immunity:** The Issuer hereby irrevocably and unconditionally to the fullest extent possible waives with respect to the Notes, any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence and irrevocably and unconditionally consents, to the fullest extent possible, to the giving of any relief or the issue of any process, including without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment made or given in connection with any suit, action or proceeding, provided however that the properties of the Issuer may not be subject to any compulsory enforcement unless these properties are manifestly of no use to the performance of the public service duties of the Issuer or for the continuity of any public service.
- (d) **Direct Rights:** To the extent necessary, the Issuer grants to each Noteholder such rights against the Issuer provided for in Article 24 of the law of 15 July 1998 modifying various legal provisions on financial instruments and clearing systems (*loi modifiant diverses dispositions légales en matière d'instruments financiers et de systèmes de compensation de titres*).

● USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used to finance the Issuer's activities unless otherwise specified in the relevant Pricing Supplement.

● DESCRIPTION OF THE ISSUER

General

Since June 2011, the official name of Communauté française de Belgique (“CFB”) has been changed in “Federation Wallonia-Brussels” (*Fédération Wallonie-Bruxelles*) pursuant to a decision of the Government and the Parliament. However, as the Constitution of the Kingdom of Belgium has not been accordingly modified, all legal documents should keep using the legal designation “French Community of Belgium” (*Communauté française de Belgique*).

CFB is an entity of the Belgian Federal State. In addition to the federal level, the Federal State consists of three Communities (French, Flemish and German) and three Regions (Wallonia, Flanders and Brussels). Each entity has its own constitutionally protected powers and both legislative and executive institutions, except that the Flemish Community and the Flemish Region largely merged their respective institutions.

CFB’s main mission is to organise education, cultural matters and certain social matters. Its revenues (excluding new borrowings) in 2015 were of € 9,324.1 million and expenditures (excluding debt repayment) amounted to € 9,713.1 million as stated in the internal reports made by the Administration. The Belgian Court of Audit (*Cour des comptes*) will review the figures in the second semester of 2016 and will publish a report in October 2016². For additional information, please refer to the following website: <http://www.budget-finances.cfwb.be/>.

Powers³

CFB’s powers extend to persons and institutions established in Wallonia (excluding the German-speaking districts thereof) and to certain French-language institutions in the bilingual (French/Dutch) Brussels Region. It services an estimated 4.4 million persons out of the 11 million inhabitants in Belgium.

The powers of CFB are determined by the Constitution of the Kingdom of Belgium and the special law of 8 August 1980 on institutional reforms (*Loi spéciale de réformes institutionnelles / Bijzondere wet tot hervorming der instellingen*), as amended (the “**Institutional Reform Law**”), and comprise the entire educational system (excluding pensions), culture (including, *inter alia*, fine arts, performing arts, radio and television, and sports), the use of languages and certain social affairs (including youth aid, early childhood, promotion of health, and social aid to prisoners). For the various matters for which it is responsible, CFB is also competent for national and international cooperation, and scientific research.

In 1993 (Decree II Saint-Quentin⁴) and in 2014 (Decree Sainte-Émilie⁵), CFB transferred the exercise of some of its powers to the Walloon Region and the French Community Commission of the Brussels-Capital Region (*Commission communautaire française de la Région de Bruxelles-Capitale*). This transfer mainly concerned school buildings, sports infrastructure, tourism, professional training and social promotion, as well as health policy and welfare aid (transferred in 1993); and family allowances, health care infrastructure, elderly care and Houses of Justice (transferred in 2014). Following the sixth state reform, the Decree Sainte-Émilie provides that an additional endowment will be annually allocated to the Walloon Region and the French Community Commission of the Brussels-Capital Region. This endowment is neutral for CFB. However, the Decree Sainte-Émilie provides specifically that the Walloon Region and the French Community Commission of the Brussels-Capital Region will take over a part of the consolidation efforts accompanying the sixth state reform and which are reflected in the calculations of flows to CFB.

Décret du 8 juillet 1993 de la Commission communautaire française relatif au transfert de l'exercice de certaines compétences de la Communauté française à la Commission communautaire française MB 10 septembre 1993.

The endowment of the Decree II Saint-Quentin (agreement of 1993) is maintained in chapter V of the expenditure budget of CFB (approximately € 440 million in 2015) and the endowment of the Decree Sainte-Émilie (agreement of 2014) is outlined in a particular section of the budget and corresponds to a large part of the endowments “*nouvelles compétences transférées*” (amounting to € 3.5 billion in 2015). Subsequently, the budget of the CFB in the strict sense is not altered by any in and out movements which are fully offset.

Political Institutions

The parliament of CFB⁶ is a unicameral assembly with 94 members. 75 out of the 94 are the elected members of the Walloon Region parliament and 19 are French-speaking elected members from the Brussels Region parliament. The parliament of CFB exercises the legislative powers of CFB by way of decrees that have the force of law and votes on the budget and the accounts of CFB.

The government of CFB⁷ currently has 7 members and is politically accountable to parliament. It is entrusted with executive authority and implements the decrees adopted by the parliament. As a result of the elections of 25 May 2014, the current government is formed by a coalition of the *Parti Socialiste* (PS) and the *Centre démocrate humaniste* (cdH), which together control 55.3% of the seats in parliament.

Financing

Legal Framework

The financing of CFB is governed by the special law of 16 January 1989 on the financing of the communities and regions (*loi spéciale relative au financement des Communautés et Régions*), which was amended in 1991, 1993, 2001, 2006 and 2014 (the “**Financing Law**”).

The core principles of the 2014 amendment of the Financing Law, which implements the financial flows as agreed upon in the 6th reform of the Belgian Federal State, are: no structural impoverishment of one or more federal entities; ensure long-term viability of the federal State; reinforce accountability of the federal entities with respect of their competences and policies; take into account the externalities, the sociological reality and the role of the Region of Bruxelles-Capitale; take into account population and students as criteria; maintain solidarity between entities, free of perverse effects; ensure the financial stabilization of the entities; take into account the efforts to be made by all the entities to consolidate public finances.

Pursuant to the Financing Law, the budget of CFB is financed through non-fiscal revenues, allocations from the Federal State of certain national tax collections derived from the value added tax (“**VAT**”) and the income tax for physical persons (“**IPP**”), a compensating allocation for the radio and television tax (“**RTT**”), allocations for the financing of foreign university students and borrowings. The resources allocated to FWB by the LSF were restructured in 2014.

Without going into details one can note that:

- The compensatory allocation to the RRTV is now part of the VAT mass and has disappeared as such.
- The refinancing of the communities existing since 2001, including the link of the growing VAT mass is divided into two pieces. The first remains in the VAT mass, the second incorporates the IPP mass.
- A transition mechanism ensures the neutrality of this calculation method compared to the previous method, so that in 2015 the means of FWB to finance its traditional skills are the same with both methods.

CFB has no authority to levy taxes.

For more details, please see: « Exposé général du budget de la CFB pour l’année budgétaire 2016 » (pp. 91-98)⁸.

The mechanism dealing with the CFB revenues and the calculation of the communities endowments flowing from the Federal level are confirmed by the new Financing Law, which is underlined by the fact that the endowments relating to these new competences are already transferred for a large part to the French regional

entities which exercise them (see Decree Sainte-Émilie). Most of the CFB revenues (more than 95%) remain therefore perfectly predictable and certain. The amounts are enshrined in the law and are essentially indexed according to GDP and CPI, and are confirmed in article 54 of the Financing Law.

The Financing Law, as well as the Institutional Reform Law, can only be amended through a legislative process requiring a two-third majority in each federal assembly (Chamber and Senate) and a majority of votes in each language group within these assemblies.

Transfers from the Federal Government represent 96.9% of the overall resources of CFB. The Federal Government is responsible for the collection of the national taxes which finance these transfers.

Borrowings (6.3% of the revenues in 2015) are contracted in order to finance the gross balance of the budget (i.e. net balance and repayment of the debt). CFB's debt position is described in more detail under section "Debt of the Issuer" below.

Transfers from the Federal Government

(a) General

The main transfers by the Federal Government to CFB are based on allocations of collections of VAT (in 2015, 68.93% of CFB's overall revenue) and IPP (in 2015, 27.21% of CFB's overall revenue).

The transfer amounts are calculated on the basis of provisional allocations integrating several parameters and made available to CFB by way of advances in twelve equal instalments at the start of each month. In case the transfer amounts are not or not fully paid on the monthly due date, Article 54, paragraph 2, of the

⁹ For the fiscal year 2013, see the report of 31 October 2014 "Contrôle du compte général de la Communauté française pour l'année 2013" provided by the National Audit Office (*Cour des comptes*) to the Parliament of CFB, in accordance with Article 109 of the decree of the Government of the French Community of 20 December 2012 containing the budget for the year 2013. Internal calculations for the 2014 and 2015 realizations.

¹⁰ Exclude new borrowings.

¹¹ Include administration costs and the ministry staff costs.

Financing Law provides that CFB is entitled to borrow the amounts due by the Federal Government from a pre-agreed credit institution. Such borrowings benefit from the guarantee of the Federal State. At the end of each year differences based on final amounts for the parameters are calculated and settled between CFB and the Federal Government.

As a result of an amendment to the Financing Law in 2001 which purported to provide additional revenues to the three Communities (the so-called “**Saint-Polycarpe Agreement**”), the allocation mechanisms from VAT have been revised as from 2002.

In addition, the Federal Government co-finances the education of foreign university students (0.80% of CFB’s overall revenue in 2015) through transfers to CFB.

(b) **Allocation of VAT Collections** included a part of the Compensatory Grant for RTT (from 2015)

The amount of VAT collections that are allocated to the Communities is annually adjusted to inflation (by reference to the consumer price index) and further corrected to take into account the demographic evolution. This overall adjusted amount is shared between CFB and the Flemish Community on the basis of the actual number of pupils and students in their respective education systems (which in 2015 resulted in an allocation of 43.46% to CFB and 56.54% to the Flemish Community; and respectively 43.48% and 56.52% in 2016).

As a result of the Saint-Polycarpe Agreement, the aggregate allocation to the Communities was in the period 2002-2012 be increased annually and cumulatively with the following amounts: € 198,314,819.82 (2002), € 148,736,114.86 (2003), € 148,736,114.86 (2004), € 371,840,287.16 (2005), € 123,946,762.39 (2006) and € 24,789,352.48 (each year from 2007 until, and including, 2011). In addition, the amount for both Communities together has increased through adjustment to 91% of real national GDP growth as from 2007.

The additional financing resulting from the Saint-Polycarpe Agreement is shared between CFB and the Flemish Community partly pro rata the actual number of pupils and students in each of the respective Communities’ education systems and partly pro rata the amount of actual IPP collections in each of the respective Communities. The part of the additional financing allocated on the basis of number of students was 60% in 2003, but, since 2009, it annually decreased by 5% and then by 10%, such that as from 2012 the entire additional financing is now allocated pro rata the IPP collections in each of the Communities.

Until 2002 the RTT was a tax levied by each of the Communities and was benefiting to their respective public radio and television networks. From 2002 the RTT has become a regional tax. CFB instead receives an annual compensatory grant calculated as a lump sum (equal to the average of RTT collections in the 1999-2001 period) which is adjusted for inflation by reference to the general consumer price index.

These calculations resulted for 2015 in an allocation of € 6,427.5 million to CFB.

(c) **Allocation of IPP Collections**

The collections of IPP to be allocated to CFB are adapted to inflation and real national GDP growth on the following basis. With respect to each of CFB and the Flemish Community, the amounts allocated to each of them in the previous budget year are first adjusted to inflation (by reference to the consumer price index) and real national GDP growth relating to the budget year concerned. These amounts are subsequently added up and the sum is expressed as a percentage of the total collections of IPP collected in both Communities. The amount of IPP allocated to each Community is the result of applying that percentage to the amount of IPP actually collected in the Community and budget year concerned.

This calculation resulted for 2015 in an allocation of € 2,536.9 million to CFB.

(d) **Allocation for the financing of foreign university students**

The amount of this allocation is only annually adjusted to inflation (by reference to the consumer price index).

This calculation resulted for 2015 in an allocation of € 74.3 million to CFB.

Expenditures

Education, research and training together represented about 75.0% of CFB's overall expenses in 2015. A significant part of the education budget (80%) is devoted to the payment of teaching staff salaries.

The expenditure relating to culture and social affairs (about 13.3% in 2015) essentially consists of grants or subsidies to various institutions entrusted with the implementation of these matters, such as RTBF (the French-language public radio and television network) and the child care institution ONE ("*Office de la Naissance et de l'Enfance*").

The amounts transferred to the Walloon Region and to the French Community Commission of the Brussels-Capital Region (4.5% in 2015) correspond to payments owed by CFB to these entities following the transfer to these entities of the exercise of certain powers of CFB in 1993.

The item "General Services" (4.7% in 2015) covers the operating costs of CFB's institutions and central administration.

Overall, personnel costs (relating to teachers and civil servants) represented in 2015 more than 60% of the total expenditure of CFB.

Interest expenses accounted for 1.8% of overall expenses.

Recent Developments

The government of CFB evaluated the national GDP growth rate to 1.5% and the inflation rate to 1.3% (see forecasts published on 11 September 2014 by the *Bureau du Plan*¹²) for the preparation of the initial budget 2015. The estimated parameters applied to the adjustment of the 2015 budget (based on the forecasts published on 12 February 2015 by the *Bureau du Plan* and adapted by the government on 27 April 2015) were: GDP 2015 at 1.2% and CPI 2015 at 0.2%, thus generating lower revenues.

For the preparation of the initial 2016 budget, the government of CFB first evaluated for the national GDP growth rate for 2016 to 1.3% and the CPI to 1.2% (see forecasts published on 9 September 2015 by the *Bureau du Plan*). The estimated parameters which will probably apply to the first adjustment of the 2016 budget (based on the forecasts published on 11 February 2016 by the *Bureau du Plan*) are: GDP 2016 at 1.2% and CPI 2016 at 1.4% and GDP 2015 at 1.4% and CPI 2015 at 0.6%, both new parameters 2015 & 2016 generate stable revenues.

The long term debt position of CFB remained stable from 2003 to 2008, which confirms the intention of CFB to meet its financial commitments. Since 2009, the budget deficit had to be borrowed so that the consolidated debt amount increased with € 356.5 million to reach € 3,236.2 million in December 2009 (Debt Ratio¹³ = 40.1%); increased with € 810.5 million to reach € 4,046.7 million in December 2010 (Debt Ratio = 50.4%); increased with € 259.7 million to reach € 4,306.4 million in December 2011 (Debt Ratio = 49.0%); increased with € 193.1 million to reach € 4,499.4 million in December 2012 (Debt Ratio = 49.3%); increased with € 252.5 million to reach € 4,751.9 million in December 2013 (Debt Ratio = 51.6%); increased with € 257.2 million to reach € 5,009.1 million in December 2014 (Debt Ratio = 53.8%); and increased with € 324.2 million to reach € 5,333.3 million in December 2015 (Debt Ratio = 57.2%). The *Conseil supérieur des Finances*¹⁴ stressed in its November 2013 report (pp. 102-103, pp. 112-113 and pp. 151-152), in its November 2014 report (pp. 74-76, pp. 90-94) and in its July 2015 report (p. 73) and the *Institut des Comptes Nationaux* stressed in April 2015¹⁵ that the CFB closed its accounts of the years 2009, 2010, 2011, 2012 and 2013 in line with its annual objectives. All the reports of the *Conseil supérieur des Finances* (which are mostly published annually in March and in October/November since 2009) reflect that CFB consistently exceeded the objectives that were assigned to it in the framework of the cooperation agreements entered into between the Federal State and the federated entities (*entités fédérées / deelstaten*)¹⁶. Following the economic and financial crisis which impacted CFB as from 2009, a new cooperation

agreement was entered into on 15 December 2009 and another one on 3 February 2010 between the Federal State and the federated entities with a view to achieving the balance in the budget for 2015 and a maximum deficit of 3% of the GDP in 2012. Because of the banking and financial crisis, and thereafter the euro zone crisis, other agreements have been concluded and some of the objectives assigned to the CFB have been reviewed: the objective of € – 548.0 million for 2011 agreed in February 2010 has been replaced by an objective of € – 328.0 million in February 2012 (and a realization of € – 145.6 million as calculated by the National Accounts Institute) ; the objective of € – 438.1 million for 2012 agreed in February 2010 has been replaced by an objective of € – 359.5 million in June 2012 and of € – 250.2 million in November 2012 (and a realization of € – 152.9 million). The objective for the fiscal year 2013 has been set at € – 228.0 million in July 2013; the realizations of this year amounted to € – 142.8 million as calculated by the Institute. The effective introduction of ESA2010 and the methodological adjustments made by ICN (*“Institut des Comptes Nationaux”*) upon request of Eurostat have generated among others an enlargement of the perimeter of CFB but also an adjustment of the objectives to be reached by the Kingdom in general and by each entity, expressed to Europe in medium-term perspective: returning to balance in 2018/2019. In this perspective, the Government of CFB aims to move back to structural balance in 2018; hence the deficit for 2014 is estimated to € 232 million (as calculated by the CSF (*“Conseil supérieur des Finances”*) and the ICN); the realised deficit for 2015 is estimated to € 239 million (as calculated internally). The objective of 2015 being estimated to a deficit of € 239 million should probably be therefore respected.

See below the chart representing objectives of the cooperation agreement, budgetary results up to 2013, as mentioned in the reports published by the *Conseil supérieur des Finances* and/or in the budgetary results calculated and published on 17 April 2015 by the National Accounts Institute (*Institut des Comptes Nationaux*).

● DEBT OF THE ISSUER

Institutional Framework

The Financing Law

CFB is permitted to borrow funds, in any currency, by virtue of Article 49§1 of the Financing Law. Pursuant to Article 15 of the Institutional Reform Law, such borrowings do not benefit from the guarantee of the Federal State.

Public issues of debt instruments by CFB need to comply with a calendar set by the Federal Government for the public issues of debt by all federated entities (following consultation of the Community and Regional Governments) and are subject to prior approval of the Federal Minister of Finance.

Private borrowings and the issue of short-term debt instruments by CFB only require prior notification to the Federal Minister of Finance. However, the Federal Minister of Finance may seek the advice from an expert group within the High Council of Finance on the need to limit the borrowing capacity of CFB in order to protect the economic and monetary union, avoid internal and external monetary imbalances and a structural deterioration of the financing needs of the entity concerned. The expert group can also issue such advice at its own initiative. Following receipt of advice by the expert group and after consultation with CFB, the Federal Government can suspend CFB's authority to borrow for a period of up to two years. During such suspension, any borrowing by CFB is subject to the prior approval of the Federal Minister of Finance.

CFB Budget Minister

The finances of CFB are managed by the CFB Budget Minister. His powers to enter into borrowings and other financial transactions on behalf of CFB are set out in the budget decree relating to revenues (*Décret contenant le budget des recettes*) adopted annually by CFB's parliament.

CFB Debt Position

Overview

The following table gives an overview of the evolution of CFB's debt position and the major components thereof as of 31 December in 2013, 2014 and 2015.

The table above and the description below do not include guaranteed debt and the debt for the purposes of building cultural or sports infrastructures, which amounted to € 54.7 million as of 31 December 2013, to € 46.7 million as of 31 December 2014 and to € 38.5 million as of 31 December 2015.

As of 31 December 2015, CFB's long-term debt amounted to € 5,489.9 million.

CFB's long-term debt consists of its direct and indirect debt. The indirect debt is borrowings by universities which are considered as CFB debt from a budget perspective.

Direct Debt

As of 31 December 2015, CFB's direct debt accounted for 98.38% of its entire long-term debt.

Until 1994, CFB's direct debt consisted solely of borrowings for its own financing needs. Since 1994, the financings of indirect debt repayments are integrated into the direct debt. In addition, according to public accounting standards, the re-borrowing for debt repayment does not constitute a debt increase.

As a result, the annual variation in the volume of direct debt reflects both the financings of any budget deficits (*déséquilibre budgétaire à financer*) and borrowings used for the repayment of the indirect debt.

Indirect Debt

Indirect debts, which as of 31 December 2015 accounted for 1.62% of CFB's total long-term debt, are debts of entities other than CFB, which are included in CFB's budget and debt.

CFB's indirect debt consists of debt which the French-language universities borrowed in order to finance certain property investments. There are two types of university borrowings: those financing educational infrastructure (which are fully integrated in CFB's indirect debt) and those financing the construction of buildings accommodating students when they are not attending courses (student residences, university restaurants, etc.) for which only interest payments above 1.25% are taken into account in CFB's budget.

The indirect debt is gradually reducing as such borrowings are no longer entered into and repayments thereof are refinanced through direct debt.

Financing Sources

General

CFB's main financing sources are the use of *Schuldschein* loans, the issue of treasury certificates (*billets de trésorerie*), the accrued use of its EMTN Programme, together with a few (traditional or structured) bank borrowings and stand alone issues. If need be, CFB can use confirmed credit lines that are made available to it. It should be noted that the increase of the EMTN Programme limit from € 1,500,000,000 in 2003, to € 2,500,000,000 in 2008, to € 4,000,000,000 in 2010 and to € 5,000,000,000 in 2013 has been decided in order to materialise CFB's intention to use this financing source more frequently, if possible and when needed.

The following charts show the percentage breakdown of the use of these sources as of 31 December 2013, 2014 and 2015 for CFB's total debt.

Different types of total debt loans as of 31/12/2014

Different types of total debt loans as of 31/12/2015

Bank Borrowing

CFB has entered into borrowings with an increasingly varied panel of financial institutions.

Since 1995, such borrowings also include “structured loans” which aim to lower the financing cost and achieve CFB’s objectives regarding the average duration of its debt. The derivative instruments entered into in connection with such loans are varied and include swaptions, calls, options with activating or deactivating barrier.

Treasury Certificate Programmes

CFB has three domestic debt securities programmes in place under which it issues short, medium and long term treasury certificates. Under these programmes CFB may issue short and long term securities for up to € 4,000 million.

Confirmed Credit Facilities

CFB disposes of credit facilities, without reservation or non-utilisation fee, for a total amount of € 150 million in 2015.

Debt Management

Strategy

In managing its debt and treasury, CFB pursues the following guiding principles:

- (a) *Centralised debt management.* All transactions relating to CFB's debt, both direct and indirect, are carried out by CFB's Debt Department and reflected within the debt budget.
- (b) *Management of the interest rate curve.* CFB monitors, and aims to maintain, on a continuing basis an optimal division of the fixed and variable interest rate components of its debt in view of the evolution of the interest rate curve.
- (c) *Active but prudent use of derivative instruments.* CFB uses derivative instruments, primarily interest rate swaps, for managing the interest rate curve and hedging positions in the various components of its debt.
- (d) *Development of financing programmes.* CFB seeks to diversify its financing sources through the development of financing programmes in order to achieve lower financing costs, higher flexibility and a larger investor base.
- (e) *Taking advantage of withholding tax exemption.* CFB invests its surplus cash in public debt securities issued by the Belgian Federal State and other federal entities thus taking advantage of the withholding tax exemption which it enjoys since 1995 with respect to such investments.

CFB Debt Department

Ministerial decisions with regard to debt and cash management are implemented by the Debt Department.

The strategic aims of debt management are discussed within the Treasury Council. This consultative body is chaired by the Budget Minister and consists of other Community Ministers (or their representatives), the Finance Inspection (*Inspection des Finances*), the National Audit Office (*Cour des comptes*¹⁷) as well as external experts.

The Debt Department is subject to external supervision by *inter alia* the Finance Inspectorate, the National Audit Office and an external auditor approved by the FSMA.

Cash Balance Management

CFB's cash balance consolidates all the bank accounts from which the revenue and expenditure transactions of itself or its dependent entities are carried out.

CFB benefits from a relatively regular and predictable rate of revenue collection and expenditure disbursement, which is mainly due to the transfer of most revenues (including VAT and IPP allocations) by the Federal Government to CFB in twelve instalments at the start of each month and the significant proportion of salary payments within the total expenditures.

CFB finances short-term cash needs through the sale of short-term investments or the issue of short-term treasury certificates under any of CFB's programmes. In 2015, 19 commercial paper (or EMTN short term) issues were made for a total sum of approximately € 2,597.0 million at a weighted average rate of 0.02%¹⁸, and with a weighted average maturity of 3.4 days. Alternatively CFB may make use of its € 2,500 million committed overdraft bank facilities (without reservation or non-utilisation fee).

Short-term cash surpluses are either left on account or invested in public debt securities issued by the Belgian Federal State and other federal entities. In 2015, it was impossible to make any placement.

¹⁷ For additional information, see <http://www.courdescomptes.be/>

¹⁸ Six issues were concluded with a negative yield during the second half of the year 2015.

● BELGIAN TAXATION

The following is a summary of certain Belgian tax consequences of the purchase, ownership and disposal of the Notes, and does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes.

The summary is based on Belgian tax laws and practice in effect on the date of this Offering Circular, which are subject to change, potentially with retrospective effect. Potential investors in the Notes should consult their own tax advisers as to the Belgian and other tax consequences prior to the purchase, ownership and disposal of the Notes including, in particular, the effect of any state, or local tax laws.

Belgian Withholding Tax

Under current Belgian withholding tax legislation, all payments by or on behalf of the Issuer of interest are generally subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 27 per cent. In this regard, "interest" means the periodic interest income, any amount paid by the Issuer in excess of the issue price (whether or not on the maturity date) and, in case of a disposal of the Notes between two interest payment dates, the pro rata part of accrued interest corresponding to the holding period.

However all payments by or on behalf of the Issuer of principal and interest on the Notes may be made without deduction of withholding tax for Notes held by certain eligible investors (an "**Eligible Investor**") in an exempt securities account (an "**X-Account**") with the NBB Clearing System or with a participant in such system (a "**Participant**").

Eligible Investors are those entities referred to in Article 4 of the Royal Decree of 26 May 1994 on the deduction of withholding tax (*arrêté royal relatif à la perception et à la bonification du précompte mobilier*) which include, *inter alia* :

1. Belgian resident companies subject to Belgian corporate income tax;
2. Belgian qualifying investment funds as recognised in the framework of pension savings as referred to in Article 115 Royal Decree implementing the Income Tax Code ("RD/ITC");
3. institutions, associations and companies within the meaning of Article 2, §3 of the Law of 9 July 1975 on the supervision of insurance companies (other than those referred to in points 1° and 3° and subject to the applications of Article 262, 1° and 5° of the Belgian Income Tax Code 1992 ("ITC"));
4. semi-public governmental social security institutions or institutions similar thereto;
5. companies, associations and other tax payers provided for in Article 227, 2° ITC, whose Notes are held for the exercise of their professional activities in Belgium and which are subject to non-resident income tax in Belgium pursuant to Article 233 ITC;
6. non-resident investors provided for in Article 105, 5° RD/ITC;
7. foreign collective investment funds (such as investment funds (*beleggingsfondsen/fonds de placement*)) which are an undivided estate managed by a management company for the account of its participants and the units of which are not publicly offered or otherwise marketed in Belgium.

The main categories of non-Eligible Investors are as follows:

- Belgian resident individuals; and
- Belgian non-profit organisations (other than those mentioned under (iii) and (iv) above);

The above categories summarise the detailed definitions set forth in Article 4 of the Royal Decree of 26 May 1994, to which investors should refer for a precise description of the relevant eligibility rules.

Participants in the NBB Clearing System must keep the Notes which they hold on behalf of non-Eligible Investors in a non-exempt securities account (an “**N-Account**”). In such instance, all payments of interest are subject to withholding tax, set at a rate of 27 per cent as at the date of this Offering Circular. This withholding tax is withheld by the NBB from the interest payment and paid to the Belgian tax authorities.

Transfers of Notes between an X-account and an N-account give rise to certain adjustment payments on account of withholding tax:

- A transfer from an N-account (to an X-account) gives rise to the payment by the transferor “non-Eligible Investor” to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- A transfer from an X-account to an N-account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- Transfers of Notes between two X-accounts do not give rise to any adjustment on account of withholding tax.
- Transfers of Notes between two N-accounts give rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the pro rata interest accrued since the last interest payment date up to the transfer date, and to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on such amount.

These adjustment mechanics are such that parties trading the Notes on the secondary market, irrespective of whether they are Eligible or non-Eligible Investors, are in a position to quote prices on a gross basis.

Upon opening of an X-Account with the NBB Clearing System or with a Participant, an Eligible Investor is required to provide a statement of its eligible status on a form approved by the Belgian Minister of Finance. There are no ongoing declaration requirements for Eligible Investors. However Participants are required to make annual declarations to the NBB Clearing System as to the eligible status of each investor for whom they hold Notes in an X-Account.

However, the documentary requirements set out in the preceding paragraph do not apply to the Notes held by non-resident Eligible Investors in a securities account with Euroclear or Clearstream, Luxembourg or with any non-Belgian intermediary which is a participant in Euroclear or Clearstream, Luxembourg.

An X-Account may be opened with a Participant by an intermediary (an “**Intermediary**”) in respect of Notes that the Intermediary holds for the account of its clients (the “**Beneficial Owners**”), provided that each Beneficial Owner is an Eligible Investor. In such a case, the Intermediary must deliver to the Participant a statement on a form approved by the Minister of Finance confirming that (i) the Intermediary is itself an Eligible Investor, and (ii) the Beneficial Owners holding their Notes through it are also Eligible Investors.

Capital Gains and Income Tax

Belgian Resident Individuals

Natural persons who are subject to the Belgian personal income tax and who hold the Notes as a private investment, do not have to declare the interest on the Notes in their personal income tax return, provided that the 27 per cent Belgian withholding tax has effectively been levied on the interest.

Nevertheless, Belgian resident individuals may choose to declare interest in respect of the Notes in their personal income tax return. Interest income which is declared in this way will in principle be taxed at a flat rate of 27 per cent (or at the relevant progressive personal income tax rates taking into account the taxpayer’s other declared income, whichever is lower). The Belgian withholding tax levied may be credited against the income tax liability.

Belgian resident individuals are not liable to income tax on capital gains realised upon the disposal of the Notes, unless the capital gains are realised outside the scope of the normal management of one’s private es-

tate or unless the capital gains qualify as interest (as defined above in the section “Belgian Withholding Tax”). Capital losses realised upon the disposal of the Notes held as non-professional investment are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Belgian Resident Corporations

Noteholders that are residents of Belgium and subject to the Belgian ordinary corporate income tax regime, are liable to corporate income tax on the income of the Notes and capital gains realised upon the disposal of the Notes. Capital losses realised upon the disposal of the Notes are generally tax deductible.

Belgian Resident Legal Entities

Belgian legal entities subject to the Belgian legal entities tax (*Rechtspersonenbelasting/Impôt des personnes morales*), which do not qualify as Eligible Investors, are subject to a withholding tax of 27 per cent on interest payments. The withholding tax is neither creditable nor refundable and therefore constitutes the final taxation. Belgian legal entities that qualify as Eligible Investors and which consequently have received gross interest income are still liable themselves to account for the applicable withholding tax (art. 262, 1° a) ITC) which is applicable to them. These legal entities are advised to consult their own tax advisors in this respect.

Belgian legal entities are not liable to income tax on capital gains realised upon the disposal of the Notes unless the capital gains qualify as interest (as defined above in the section Withholding Tax). Capital losses are in principle not tax deductible.

Organisations for Financing Pensions

Interest derived by OFP (*Organismen voor de Financiering van Pensioenen/Organismes de Financement de Pensions*) Noteholders on the Notes and capital gains realised on the Notes will be exempt from Belgian Corporate Income Tax. Capital losses realised on the Notes are in principle not tax deductible.

Any Belgian withholding tax levied on the interest will, subject to certain conditions, be creditable against any corporate income tax due and any excess amount will in principle be refundable.

Non-Residents of Belgium

Noteholders who are not residents of Belgium for Belgian tax purposes and are not holding the Notes through a Belgian establishment and do not conduct Belgian professional activities will not incur or become liable for Belgian tax on income or capital gains or other like taxes by reason only of the acquisition, ownership or disposal of Notes provided that they hold their Notes in an X-Account.

Transfer Tax

A *taxe sur les opérations de bourse* (tax on repurchase transactions) at the rate of 0.09 per cent (subject to a maximum amount of 650 Euro per party and per transaction) will be due upon the sale and purchase of Notes entered into or settled in Belgium in which a professional intermediary acts for either party. A separate tax is due from each of the seller and the purchaser, both collected by the professional intermediary.

A *taxe sur les reports* (tax on a sale combined with a forward purchase) at the rate of 0.085 per cent (subject to a maximum of 650 Euro per party and per transaction) will be due from each party to any such transaction in which a professional intermediary acts for either party.

However, the tax referred to above will not be payable by exempt persons acting for their own account, including investors who are not Belgian residents (subject to certain identification formalities) and certain Belgian institutional investors as defined in Article 126.1, 2° of the *Code des droits et taxes diverses* (Code of various duties and taxes).

In addition, under the exemptions provided for in articles 126/1, 9° and 139 bis, 2° of the *Code des droits et taxes diverses* (Code of various duties and taxes), no *taxe sur les opérations de bourse* (tax on stock exchange trans-

actions) or *taxe sur les reports* (tax on repurchase transactions) shall be payable if the Notes qualify as treasury notes (*billets de trésorerie*) issued in accordance with the Belgian Law of 22 July 1991.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax (the “FTT”). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or the VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions and the tax on repurchase transaction should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

EU Savings Taxation

Repeal of the EU Savings Directive and Common Reporting Standards

Since 1 July 2005, the EU Savings Directive required each Member State to provide to the tax authorities of another Member State details of payments of interest and other similar income (within the meaning of the EU Savings Directive) made by a paying agent (within the meaning of the EU Savings Directive) within its jurisdiction to, or collected by such paying agent for, an individual resident or certain types of entity (as defined in the article 4.2 of the EU Savings Directive) established in that other Member State. For a transitional period, Austria opted instead to operate a withhold tax system at a rate of 35 per cent.

On 9 December 2014, the Council of the European Union has adopted Directive 2014/107/EU (the “**Amending Cooperation Directive**”), amending Directive 2011/16/EU on administrative cooperation in the field of taxation so as to introduce an extended automatic exchange of information regime (in accordance with the Common Reporting Standards or “**CRS**”, a multilateral policy initiative led by the OECD and relating to the exchange of fiscal information) from 1 January 2016 (1 January 2017 in the case of Austria).

Under CRS, financial institutions resident in a CRS country would be required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes trusts and foundations) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons. On 29 October 2014, 51 jurisdictions indeed signed the multilateral competent authority agreement (“**MCAA**”), which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications. More than 40 jurisdictions have committed to a specific and ambitious timetable leading to the first automatic information exchanges in 2017 (early adopters).

The Amending Cooperation Directive has repealed the EU Savings Directive as from 1 January 2016 as to prevent overlap between the exchange of information provided in the EU Savings Directive and the Amending Cooperation Directive. The Amending Cooperation Directive and CRS have been transposed in Belgium by the law of 16 December 2015.

Individuals not resident in Belgium

Interest paid or collected through Belgium on the Notes paid to a resident of a reporting jurisdiction (being a EU Member State, or a third country state with which Belgium has concluded an administrative agreement imposing the OECD Common Reporting Standards) and falling under the scope of application of the Amending Cooperation Directive or the Common Reporting Standards will be subject to a mandatory exchange of information as foreseen in the Amending Cooperating Directive or the Common Reporting Standards and as transposed by the law of 16 December 2015 in Belgium.

The Proposed Financial Transactions Tax (FTT)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common financial transactions tax (the “FTT”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State. The Issuer is a financial institution incorporated in Belgium and therefore financial institutions worldwide would be subject to the FTT when dealing in the Notes.

In December 2015, 10 of the original 11 Member States issued a statement setting out areas where agreement had been reached as well as areas that were still open. Estonia has indicated that it no longer supports the proposal. The statement indicates that a decision on the open issues should be made by end of June 2016.

The FTT proposal remains subject to negotiation between the participating Member States and the scope of any such taxation is uncertain. Additional EU Member States may decide to participate. Given the lack of certainty surrounding the proposals and their implementation, it is not possible to predict what effect the proposed FTT might have on the business of Belfius Bank; it could materially adversely affect the business of Belfius Bank.

Prospective Noteholders are strongly advised to seek their own professional advice in relation to the FTT.

● SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 8 July 2016 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Co-Arrangers, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Co-Arrangers for certain of their expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Pricing Supplement.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act, and, subject to certain exceptions, Notes may not be offered or sold within the United States. Each of the Dealers has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not offer or sell any Notes within the United States except as permitted by the Dealer Agreement.

The Notes are being offered and sold outside the United States in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

United Kingdom

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the UK FSMA by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the UK FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the UK FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the UK FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (the "Financial Instruments and Exchange Act"). Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan. As used in this paragraph, "resident of Japan" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Luxembourg

The Notes are not offered to the public in or from Luxembourg and each Dealer has represented and agreed that it will not offer the Notes or cause the offering of the Notes or contribute to the offering of the Notes to the public in or from Luxembourg, unless all the relevant legal and regulatory requirements concerning a public offer in or from Luxembourg have been complied with. In particular, this offer has not been and may not be announced to the public and offering material may not be made available to the public.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Pricing Supplement issued in respect of the issue of Notes to which it relates or in a supplement to this Offering Circular.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Offering Circular or any other offering material or any Pricing Supplement, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed, and each further Dealer appointed subsequently under the Programme will be required to agree, that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Offering Circular, any other offering material or any Pricing Supplement and neither the Issuer nor any other Dealer shall have responsibility therefore.

● GENERAL INFORMATION

- (1) The Issuer has obtained all necessary consents, approvals and authorisations in Belgium in connection with the establishment of the Programme. The establishment of the Programme was authorised by the Budget Minister (Ministre du Budget) of the Issuer in accordance with Article 3 of the Decree of 10 December 2015 of the French Community on the French Community budget for the budget year 2016 (*Décret contenant le budget des recettes de la Communauté française pour l'année budgétaire 2016*);

Issues of Notes under the Programme will be approved by a Minister of the Issuer. A Minister of the Issuer shall not proceed with any issue of Notes unless, and to the extent, he has been authorised to do so by a budget or other decree enacted by the Parliament of the Issuer and in effect at the time of the issue.

Before making any issue under the Programme, the Issuer will obtain all necessary consents, approvals and authorisations and will proceed with the issue in compliance with, in particular, Articles 49, 50, 51 and 52 of the Law of 16 January 1989 on the financing of the communities and regions (*loi spéciale relative au financement des Communautés et Régions*), as amended from time to time. In particular:

- (a) in the case of public issues of Notes, the Issuer will comply with the calendar set by the Federal Government for the public issues of debt by all federal entities (following consultation of the Community and Regional Governments) and the Federal Minister of Finance will have given his consent to the issue;
 - (b) in the case of private issues of Notes and the issue of short-term Notes, the Issuer will notify in advance the Federal Minister of Finance; if the Federal Minister of Finance has sought the advice from the expert group within the High Council of Finance on the need to limit the borrowing capacity of the Issuer in order to protect the economic and monetary union, avoid internal and external monetary imbalances and a structural deterioration of the financing needs of the Issuer, or if the expert group has issued such advice at its own initiative and as a consequence the Federal Government has decided to suspend the Issuer's authority to borrow for a period of up to two years, the Federal Minister of Finance will have given his consent to the issue.
- (2) Except as disclosed in this Offering Circular, there has been no significant change in the financial position of the Issuer since 31 December 2015 and no material change in the financial position or prospect of the Issuer since 31 December 2015.
 - (3) The Issuer is not and has not been involved in any legal or arbitration proceedings that may have, or have had during the 12 months preceding the date of this document, a significant effect on the financial position of the Issuer, nor is the Issuer aware that any such proceedings are pending or threatened.
 - (4) The Issuer is not or has not been involved in any litigation or arbitration proceedings relating to claims or amounts that are material in the context of the issue of the Notes nor so far as the Issuer is aware is any such litigation or arbitration pending or threatened.

In respect of Notes that are not denominated in euro, Approved Account Holders are limited to the NBB, Euroclear, Clearstream, Luxembourg and the Domiciliary Agent. Investors can thus hold their Notes in securities accounts in Euroclear and Clearstream, Luxembourg in the same way as they would for any other types of securities. For practical purposes, the Notes can be held and cleared in Euroclear and Clearstream, Luxembourg in accordance with their usual procedures. Certain types of Belgian investors (being those that are not eligible for holding "X-accounts" – see "Taxation" below), however, may not hold their Notes through Euroclear or Clearstream, Luxembourg (unless they do so through another financial intermediary which is also a participant in the NBB Clearing System and which will be responsible for the withholding of tax).
 - (6) Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The Common Code, the International Securities Identification Number (ISIN) and (where applicable) the identification number for each Series of Notes will be set out in the relevant Pricing Supplement.
 - (7) The Pricing Supplement for each Tranche of Notes must be sent in draft form to the NBB in advance for approval. Admission of Notes in the NBB Clearing System is discretionary.
