The French Community of Belgium (LCFB)

Debt Agency | Direction générale du Budget et des Finances

June 2026

Executive Summary

Communauté française de Belgique ("CFB") is an **entity of the Belgian Federal State.**

CFB has its own constitutionally protected powers as well as both legislative and executive institutions.

- ✓ CFB supports the development of education, culture, early childhood, health, sports, etc. in **a sustainably responsible approach**
- ✓ CFB benefits from an **explicit support mechanism from the Belgian Federal State on the institutional revenues** of CFB

Key Metrics (December 31, 2025):

- Consolidated total Debt : €14,421 million
- Total Revenue: €13,398 million
- Debt / Revenue ratio: 107.64%
- A3 (Outlook Stable) rating by Moody's (Q2-2026)
- Moody's ESG rating (2023): 61/100

- CFB published its Social Bond Framework in 2021, updated into a Sustainable Finance Framework in September 2024.
- Critical **way of aligning CFB's sustainability and financing strategy,** €4.065 billion of sustainable financing has been issued since the publication of the Social Finance Framework through 4 public benchmark transactions and several private placements. The latest framework integrates its social responsibilities, as enshrined in the Belgian constitution, with its own environmental strategy and Belgian National Energy and Climate Plan, as described in pages 12-15 of the framework.
- Proposed Use of Proceeds for CFB's Sustainable bond issuance include **Access to Essential Services (Education and Social Inclusion), Affordable Basic Infrastructure (Sports and Culture), and Energy Efficiency and Green Buildings (school buildings).**
- **Moody's provided the Second Party Opinion (SPO),** confirming alignment with the main international standards.

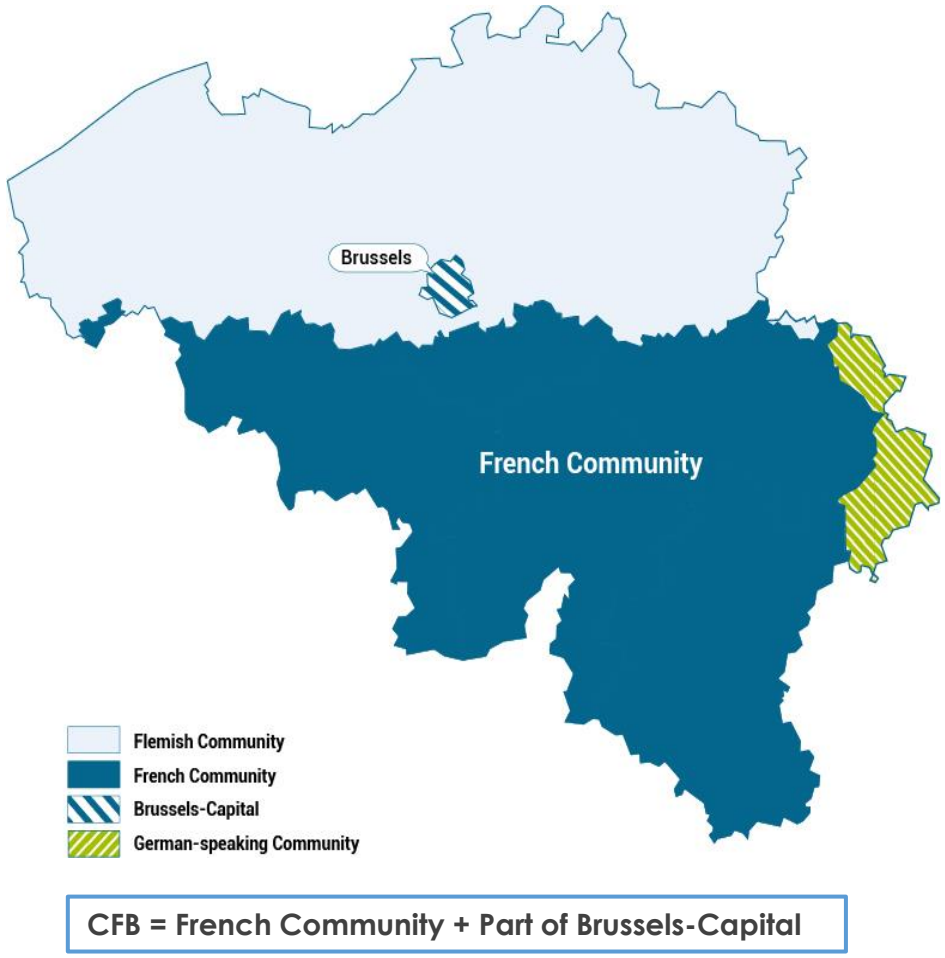
IV. The CFB and Sustainable Finance



CFB = French Community + Part of Brussels-Capital

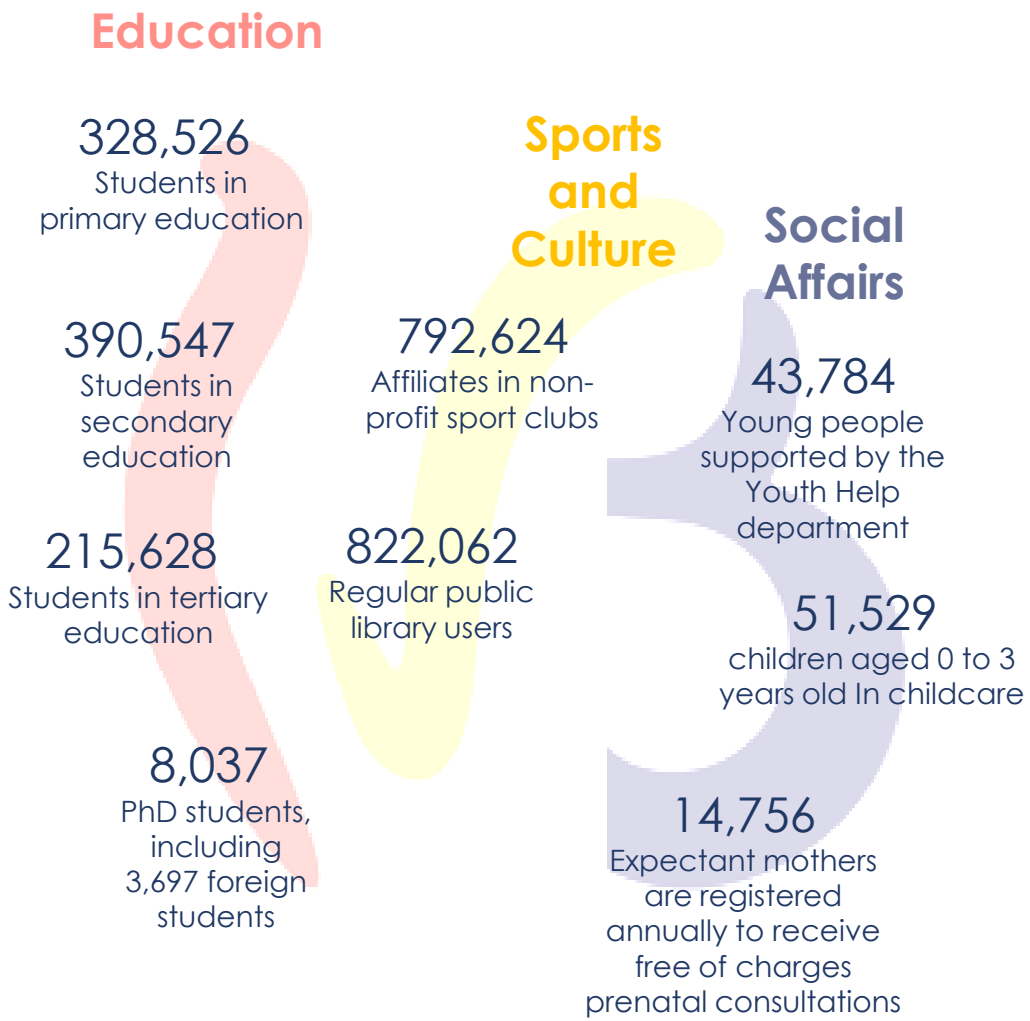
Communauté française de Belgique ("CFB" or "FWB") is an **entity of the Belgian Federal State.**

CFB has its own **constitutionally protected powers** as well as both **legislative and executive institutions**.

CFB focuses its **mission** on **key competences** mainly dedicated to the french speaking citizens of the country:

- **Education**
- **Culture**
- Adeps **Sport**
- **Youth Assistance**
- **Scientific Research**
- **House of Justice**

Education & Scientific Research	✓ **Education** (from early childhood through to primary, secondary, higher and adult learning). ✓ **Fundamental scientific research** (primarily conducted within universities) ✓ **Training and qualification of doctoral researchers** (within universities and university academies). ✓ **Applied research** (when carried out within **University Colleges**), despite regional responsibilities elsewhere.
Sport & Culture	✓ **General Administration of Sport (Adeps):** supports, guides, and promotes physical and sporting activities for the entire population within the CFB ✓ **Cultural Administration:** ✓ develops and promotes culture within the Federation and internationally ✓ Ensures the implementation of cultural rights for the population of the Federation
Youth Assistance & House of Justice	✓ **General Administration for Youth Assistance** (**AGAJ**) manages youth support and protection in CFB, ✓ **General Administration of Houses of Justice** (**AGMJ**) contributes to a more harmonious and inclusive society by supporting offenders, victims, and families involved in child-related disputes… under judicial or administrative mandate.



The CFB **supports citizens throughout their life journey**, as shown by the full range of programmes being offered across the age groups.

The CFB allocates resources to:

- **Developing school and nursery services** for the french-speaking citizens in Belgium
- Through **ONE**, CFB supports child health and offers protection & early childhood care
- Access to **sports** equipment
- Cultural heritage opportunities **to promote social cohesion**

… These resources are distributed **equitably to all potential beneficiaries or target populations.**

Financing Law of 16 January 1989

- The federalisation of the Belgian State is characterized by a continuing tendency to transfer national competences towards the Communities and the Regions (Belgian Local Authorities).
- This implies an allocation of financial resources to the Local Authorities in order to be able to exercise their competences.
- The financing of the CFB is governed by the Financing Law (Loi Spéciale de Financement - LSF) of 16 January 1989, as modified in 1993, 2001 and 2014.

Explicit Support Mechanism from the Belgian Federal State on its Institutional Revenues

- Article 54 of the LSF specifies that in case of an insufficient payment or in the event of delay in the payment of the amounts due by the federal state, the Communities can contract a loan guaranteed by the Federal State and interest costs are taken on by the Federal State.
- This article remains in effect in the modified LSF

The Sixth State Reform

- The Sixth State Reform has planned a transition mechanism in order to compensate the difference between the previous and the new LSF: neutrality between previous LSF and new LSF before fiscal effort.
- In other words, the implementation of the Sixth State Reform doesn't impact deeply CFB's revenues.
- The LSF mechanism applied to the CFB is the same and could be presented as follows (on a very simplified basis):
  (Revenue t) = (Revenue t-1) * (1 + GDP) * (1 + CPI)

2026 Budget Highlights

The 2026 initial budget was voted in December 2025.

The main outcome is a reduction of the expenditures between 2026 & 2029 by 300 mios € in order to limit the long-term deficit.

- ✓ **Cost discipline**: Government and Parliament cut their own operating budgets; optional subsidies reduced; many operating grants frozen at 2025 levels for the next 4 years (including salaries for civil servants)
- ✓ **Spending review** process continues to optimize efficiency.
- ✓ **Education investments**:
  - ✓ Ongoing reform (*Pacte pour un Enseignement d'excellence*)
  - ✓ Maintain capacity to invest in school buildings, the 1 bio **school renovation plan** (energy efficiency focus) will start in 2025
- ✓ **Increase of the revenues where it is possible** (university entry fee, sports camps (ADEPS)
- ✓ **Improvement of the "productivity"** (increase in the number of hours worked for certain teachers)

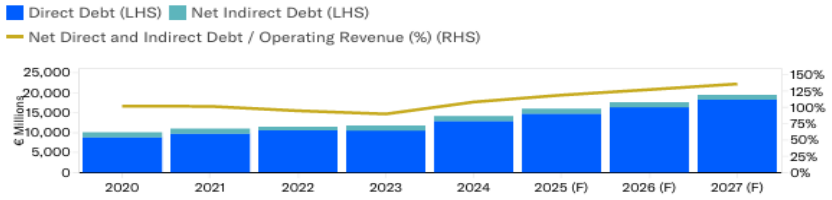
Communaute Francaise De Belgique (Belgium)

Update following downgrade to A3, outlook changed to stable

Summary

The credit profile of the Communaute Française de Belgique (CFB, A3 stable/Prime-2) reflects wide recurring financing deficits that are pushing the community's debt burden up to a high level. CFB's credit profile is further constrained by limited budgetary flexibility. Our assessment also takes into account a mature and robust legislative background, CFB's prudent and sophisticated debt management, as well as its very strong market access. The rating also incorporates our assessment of a strong likelihood that the Government of Belgium (A1 stable) would intervene in a timely manner to prevent a default.

Exhibit 1
CFB's debt burden will keep on increasing



F: forecast
Source: Communaute Francaise de Belgique, Moody's Ratings

Credit strengths

» A mature and robust legislative background with well-defined responsibilities amid a complex Belgian institutional system

» Prudent and sophisticated debt management underpin very strong market access

Credit challenges

» Recurring financing deficits will continue to drive debt higher despite recent expenditure measures

» Limited budgetary flexibility constrains the intrinsic ability to face shocks

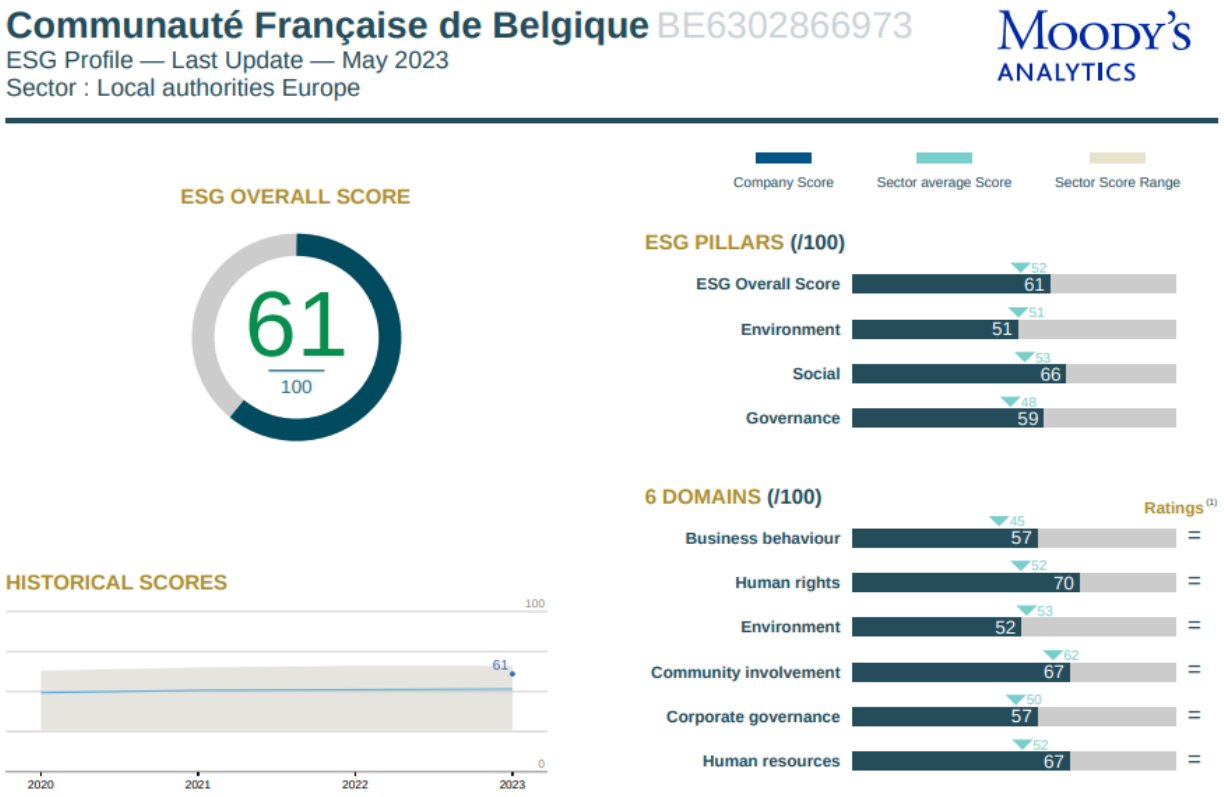
» Need to fill the investment gap in schools and education

The credit profile of the Communauté Française de Belgique (CFB, A3 stable/Prime-2) reflects wide recurring financing deficits that are pushing the community's debt burden up to a high level.

CFB's credit profile is further constrained by limited budgetary flexibility.

Our assessment also takes into account a mature and robust legislative background, CFB's prudent and sophisticated debt management, as well as its very strong market access.

The rating also incorporates our assessment of a strong likelihood that **the Government of Belgium (A1 stable) would intervene in a timely manner to prevent a default.**



After an initial update of the CFB's ESG rating in 2016, Moody's ESG carried out a new analysis in 2023.

The agency has evaluated the organisations' integration of social, environmental and governance factors into its strategies, operations and management – with a focus on promoting economic performance, responsible investment and sustainable value creation.

CFB has been ranked third out of 30 peers.

Communauté Française de Belgique

Second Party Opinion – Sustainable Financing Framework
Assigned SQS2 Sustainability Quality Score

Summary

We have assigned an SQS2 Sustainability Quality Score (very good) to Communauté Française de Belgique's (CFB) sustainable financing framework, dated 1 September 2024. CFB's use-of-proceeds framework aims to finance projects across three social categories and two green categories. The framework is aligned with the four core components of the International Capital Market Association's (ICMA) Green Bond Principles (GBP) 2021 (including the June 2022 Appendix 1), Social Bond Principles (SBP) 2023, and the Green Loan Principles (GLP) 2023 and Social Loan Principles (SLP) 2023 of the Loan Market Association, Asia Pacific Loan Market Association and Loan Syndications & Trading Association (LMA/APLMA/LSTA). The framework demonstrates a significant contribution to sustainability.
